NorStone is the AV accessories brand name of the French company Inovadis. The product range includes AV stands, flat screen mounts, Audio and Video Cables. NorStone introduces at CES 2010 its latest novelties :

NorStone Furniture

Esse Hana (\$359): Stylish version of the best seller of the range: the Esse. Its remarkable calligraphy, which draws its inspiration from flowers, gives extra soul to the successful design of this piece of furniture. The graphic white-on-black design, Hana meaning flower in Japanese, will for sure seduce you by its simplicity and contemporary style.

Esse Mini (\$299): small size, easy to integrate. The Esse Mini is a smaller version of the best seller Esse. Designed for small screens, it is perfect for compact systems and flat screen until 32 inches.

Bergen 2 (\$299) and **Bergen AV &** (\$429): The ideal furniture for the perfect optimization of your electronics. Bergen rapidly stood out of the NorStone range as the favorite furniture of audio addicts.

On these new versions, rigidity has been increased thanks to the new way of fastening the shelves together. Each level, including the lower one, has its own spikes and counter spikes system. Thus this piece of furniture becomes a valued ally against vibrations. You'll appreciate the shelves alignment with Bergen AV 2 shelves. Both will create a very nice combination.

Piu AV (\$499)

One of the Best sellers of NorStone furniture, the Piu AV is presented with a new color :white laquered. The Più and Più AV have set the benchmark for elegance, purity and versatility. Like all great designs, Più AV simplicity and pure lines will make it look trendy for years. You'll be able to create a unique stylish AV combination. Together with high-tech electronics, it's creating a true piece of art.

NorStone Cables

NorStone HDMI cables

The NorStone HDMI range of cables offers the best quality range, fully tested and certified for high definition products. All cable are 1.3 certified.

NorStone presents 3 quality ranges:

HDR 150 (from \$44, for 1.5m): Budget cable with best quality, full HD compliant, HDMI 1.3 certified.

HDM 350 (from \$69, for 1.5m): High Quality HDMI cable. Better mechanical protection (exclusive metal connector, mesh cable protection).
